Ph. D.	

From ADP Desk

The Agribusiness sector is thriving area having a huge potential of professional to contribute through their efforts in the agriculture and allied sectors for enhancing farmer's welfare. Thus, a need of establishing a professionally managed agribusiness institution was needed and Post Graduate Institute of Agribusiness Management, Chakur, Latur was come into existence in 2008. PGIABM Chakur added one of the golden chapters in the history of V.N.Marathwada Krishi Vidyapeeth, Parbhani a leading Agriculture University in the Indian union. This institute found Agribusiness as a tool to sharpen the edges of the agriculture system int he country. It took the onus to develop and hone techno managers. This institute will establish its own standards in the field of agribusiness and keeping an eagle eye on the market and its changing environment so that it can would itself and its students accordingly.

At PGIABM students are made well versed with the experiences. The course curriculum of PGIABM is designed with perfect blend of basic management modules, specialty and sector related courses all being formulated to industrial requirements. The objective is to prepare graduates with core competencies in agriculture and management exposure in agriculture marketing and allied sectors which make them ready to face challenges in the era of prove and perish competitive business environment. The students of PGIABM are excelled in various sectors through industrial visits, projects, seminars and symposium to excel in the ever-growing competitive scenario.
